AROUND *the* TOWNSHIP

Students from distant points have registered at the high school, according to Principal A. J. Rathbone who is sending for transcripts of records from foreign countries as well as from various states.

Twenty-eight new students, most of them upper classmen, come from Japan, Arizona, Mississippi, Iowa, Kansas and California cities including Napa, Berryessa, Oakland, San Jose, San Diego, Lindsay, Elmhurst, Maricopa, Berkeley, Eureka, Porterville, LaGrande, Croker, Hayward, Riverside and Downey.

Establishment of two new industrial plants in the township is thought to explain part of the increase which is noticed in all schools in the township.

* * * *

Now it really belongs to us! Formal acceptance of the new Niles Grammar School took place Wednesday in the presence of trustees and building officials. The cafeteria which is being constructed by the district as a separate project will be completed within a week or two, according to Principal E. D. Bristow.

Those present for the final inspection were Architect John J. Donovan, Contractor Peter Sartorio, W. A. Richmond, engineer for the federal administration and members of the board.

From all reports, the shindig at the Swiss Park tomorrow night is going to be one of those things folks talk about long after it's over—one of those "song is ended, but the melody lingers on" affair. Chief "Chick" Burdick and his co-members of the Fire Department of the Graham Manufacturing Company are entertaining their friends and families at the annual ball and have provided plenty of "extras" in addition to the nine piece orchestra for dancing.

It's invitational but we understand everybody and his gal is going to be there. Postmaster Joe Brown of Warm Springs says he's going to pass up a reunion of the old soldiers of the 91st Division in order to step the light fantastic at Chick's party.

Dedicatory Program Being Planned For New Niles School

NILES — Following the sealing of the cornerstone in the new $185,000 school plant at Niles last week. plans are announced for dedicatory ceremonies about the middle of October. according to Principal E. D. Bristow.

Civic and fraternal organizations of Niles will be asked to participate in the program. the date and time to be announced shortly. The two wings of the building have been completed and are being occupied while work is rapidly being completed on the auditorium.

Into the sealed cornerstone, covered with an Italian marble slab at the entrance to the auditorium. were placed a copy of The Township Register and The Oakland Tribune carrying news stories of the new building. several pennies. roster of the graduating class of 1940 numbering 42 the largest in the history of the school. a brief history of the school and a history of the building by the architect. John J. Donovan. and signatures of the county superintendent, the county board of education. faculty. trustees and several former graduates.

The informal ceremony was witnessed by trustees. faculty and building officials.

American Way Of Life And Freedom Bought With Taxes

NILES — Various reasons for considering the "pleasant side of taxes" were given by Clifford Anglin, collector of internal revenue as he spoke on this subject at the Hotel Belvoir last week.

That taxes pay for "the American way of life and freedom" was the chief reason given for finding pleasure in the fact that 22 cents out of each dollar in this country goes for taxes. Anglin also pointed out that it is a credit to the citizens of this country that 95 per cent of them pay income taxes voluntarily and of the 5 per cent error. few are due to fraud. most of them being caused by negligence or ignorance of the law.

"Last year", said Anglin, "14 billions were paid in taxes in this country. This means $105 for each man. woman and child in the country or $317 for every gainfully employed person. In a neighboring county there are 96 taxing units for state. federal and local government expenses.

"Taxes are assessed for various purposes—freakish, frantic and funny—from whiskers to wives and widows, but as Cicero said in early days, 'taxes are the fabric of civilization.' The income tax originated with the ancients. The 16th amendment. the background of the present income tax law was passed in 1913.

"There is no possibility of the public's seeing information filed on income tax reports. If the federal inspector wants the information, papers are shown only upon order of the Governor of the State.

"In this district last year there were 250,000 returns. For those who over-paid a total of 24 millions was returned to tax payers last year.

"Seven million Americans file returns, making over two billions a year for the country. The income tax constitutes one half of the revenue for the government, liquor taxes one fourth and miscellaneous. one fourth."

Anglin quoted President Roosevelt's recent statement, taxes mean the American way of life and independence and were the price of a living instead of a dead world.

Visitors at the meeting included Don Harder of Hayward; Leonard Grau, brother of Dr. Grau who has been visiting here from Nebraska; W. A. Baldwin, guest of Ed Enos.

President Glassbrook invited members to meet with a Livermore group this week and a meeting of the Rotary house building committee was called for Tuesday night.

Dr. Dawson, George Smith and Jack Vieux were declared 100 percent members, this bringing the total to 12 out of the total membership of 24.

Welfare Club And Red Cross Organize Volunteer Workers

NILES — The war in Europe was brought home to women of Washington Township at a meeting of the Child Welfare Club here this week, when a call for help from the Red Cross was answered with the appointment of a committee to organize volunteer workers in making dressings for war hospitals and to help in other ways.

Simultaneously a call for volunteers came from Mrs. C. N. Myrick, township chairman of the Oakland Chapter of the American Red Cross. The annual roll call which will start on Nov. 11, Armistice Day, and continue through Nov. 30 needs volunteers and all those willing to help should contact Mrs. Myrick or some of the following district chairmen:

Miss Elizabeth Dusterberry, Centerville; Mrs. Ray Truscott and Charles Gillespie, Newark; Mrs. Carl Christiansen, Irvington; L. H. Maffey. Warm Springs; Mrs, T. D. Witherly, Mission San Jose; Mrs. A. Amaral Decoto. Chairmen are needed for Alvarado and Niles.

Mrs. Allen Norris of Centerville was appointed by Mrs. McWhirter, Welfare Club president, to head a township committee to organize volunteer workers for making dressings. On the committee for organization are Mrs. McWhirter. Mrs. Max Stevenson. Mrs. George Holeman, Mrs. J. V. Goold, Mrs. George Bonde and Mrs. Ebright. All those wishing to assist are to notify one of the above or Mrs, Myrick at Niles.

Work rooms where volunteers may meet at their convenience will be set up after a meeting on Sept. 27 with a representative of the Pacific branch of the International Red Cross from San Francisco. Miss Matilda Harris, chief public health nurse of the Alameda County Health Department, herself a Red Cross nurse overseas during the last war. spoke at the meeting and stressed the need for bandages and dressings for war hospitals. Materials made by local women will be sent to the International Red Cross for use in any country needing them.

Another speaker was Mrs. J. G. Maasdam, president of the Handicapped and Crippled Children's Guild of Alameda County. She told of the work of this organization and asked the club to become a member. Mrs. Martenstein, Mrs. . Petsche and Mrs. Garrett Norris were appointed to consider the matter and report at the next meeting which will be held at the home of Mrs. William H. Ford on Oct. 16.

Miss Jeane Adams of San Francisco also spoke regarding supervised recreation for young people between the ages of 16 and 25, and it was recommended that this matter be taken up with the Coordinating Council at the high school at its next meeting.

Jack Clevenger Is Named President Of Farm Organization

CENTERVILLE — Jack Clevenger agricultural director at the Washington Union High School was made president of the Eden-Washington Farm Center at a meeting held at the high school Tuesday night. Joe Shinn Jr. past president was made vice president and James Nunes secretary succeeding Anthony Silva.

The annual dinner of the center was set for Oct 17 at the Veterans Memorial Building in Niles. The dinner will be served by the Auxiliary of the Washington Township Post of the American Legion.

Gordon Laing. county agricultural commissioner told of the work his office which he described as being interested in the prevention of pests into California. inspection of products in stores inspection of orchards. rodent and weed control, standardization of products and enforcing of laws for the benefit of farmers.

Ed Strobridge deputy commissioner described work of enforcing laws and gave a demonstration of testing eggs. Tallcot Perkins secretary of the Agricultural Conservation Committee warned farmers against disregarding quotas in the light of developments of the European war. He said there was sufficient sugar on hand for all needs this year and to last through another season. He mentioned the recent lifting of the sugar quota by President Roosevelt,

The sugar program was set up under the Sugar Act of 1937 and has been suspended on account of the increased world demand for sugar as a result of the outbreak of war in Europe the extraordinary purchases of sugar by consumers and the apparent speculative activity.

Many consumers according to the President's statement presumably have oeen purchasing sugar with the view of holding it in reserve against the possibility of a lengthy war and some speculators and other holders have apparently taken advantage of this situation to advance prices rapidly and capture windfall profits.

"The continuance of quota restrictions under the Sugar Act would of course place a restrain on the marketing of sugar produced this year in the beet sugar producing states and in Louisiana and Florida. A great many complaints have been made within the past few days that the quota restrictions on sugar marketing are making it difficult and costly for housewives and industrial users to get enough sugar to supply domestic needs" the President's statement reads.

Quotas may be reinstated if such a step becomes necessary for the welfare of sugar producers. Producers will continue to receive payments under the 1939 conditional payment program now in effect but the 1940 crop will receive its entire income from processors.

In view of the death of two county directors this past year. Charles Rinderspacher and Chas. Langdon and the removal from this community of Paul Dougherty the following were recommended for membership on the county board: Herbert Young. Jeryl Fry and Fred Wiegman,

Refreshments were served in the cafeteria following the meeting. The program was opened with motion pictures.

WHY WASTE BRAVERY?

"We can't lose!"

So boasted two young New York aviators, taking off from Nova Scotia the other day on a projected flight to Ireland.

But the blunt truth is that they did lose in spite of cocksure faith in their ship—the very same type of plane, incidentally, in which Lindbergh flew the Atlantic twelve years ago.

The time has long since passed when dare-devil flights could contribute to the progress of aviation or justify themselves on the grounds of service to commerce or science. When, as infrequently happens, they succeed, little has been achieved that would benefit aviation. And when they fail, there is personal tragedy and a needless waste of bravery that could have been more wisely used.

Far different is the flight of the California Clipper this week as it wings its way in a great southeasterly curve to New Zealand, protected against mishap by all the devices and facilities that man's ingenious brain could provide it. Yet several trail blazing flights must still follow on this new route before passengers will be taken aboard clippers for the 8000 mile air journey to the land down under.

The faith of those two young pilots in themselves and their plane was born of the right spirit. The world has need of bravery and skill. Why need they have wasted theirs on a foolish adventure?

COMMUNIST PARTY ENDORSES HAM AND EGGS

The Communist Party, through its State Executive Committee, has formally endorsed the 30-Every-Thursday pension plan.

Read what it says: "*The Communist Party believes that all progressive-minded people, regardless of their views on the workability of the Ham and Eggs plan, should support its passage.*"

American citizens: Stop, Look and Listen!

THE COMMUNIST PARTY IS PLEDGED TO THE OVERTHROW OF AMERICAN GOVERNMENT. It is committed to a program of sabotage and class warfare. It will use any means at its command to destroy confidence in American government and American institutions.

Communist agents, in every section of California, are militantly campaigning for Ham and Eggs. WHY?

Professional promoters of the Ham and Eggs scheme, with its cleverly contrived plan for a STATE DICTATORSHIP, are boldly adopting Communist weapons and beating the toms-toms of class hatred. WHY?

CALIFORNIA MUST ANSWER!

Dont make the mistake of passing this off as a harmless, crack-pot scheme. It is a crafty, dangerous scheme that would *plunder California's public treasuries, bankrupt business, throw tens of thousands out of employment and play havoc with all branches of government.*

California Must Answer this brazen attempt of high-pressure promoters to make common cause with Communists against California government. And our answer must be an overwhelming "No" vote on the Ham and Eggs amendment.
